

Imagine Dragons - Dream

---

\*Note: I figured this whole thing out using a piano, so it might be a little off if played on the guitar. It's also my first tab... so yeah. I think it's pretty accurate myself, but you're the judge here. And just saying, I think this song is absolutely beautiful. I'm seeing Imagine Dragons live over the summer and I think I might cry a little when they play this. Um. Well. Enjoy the tab! :)

(The C that is played over "surface" and "top" and so on in the song can possibly be interchanged with a G. I personally like the C better, but just saying...)

**Capo fret 4**

**Am**  
In the dark

**C**  
And I'm right on the middle mark

**F** **Am**  
I'm just in the tier of everything that rides below the surface

**Am** **C**  
And I watch from a distance seventeen

**F** **Am**  
And I'm short of the others dreams of being golden and on top

**Am** **C**  
It's not what you painted in my head

**F** **G**  
There's so much there instead of all the colors that I saw

**Am** **C**  
We all are living in a dream,

**F**  
But life ain't what it seems

**Am**  
Oh everything's a mess

**Am** **C**  
And all these sorrows I have seen

**F**  
They lead me to believe

**Am**  
That everything's a mess

**Am**  
But I wanna dream

**C**  
I wanna dream

**F** **G**  
Leave me to dream

In the eyes  
Of a teenage crystallized  
Oh the prettiest of lights that hang the hallways of the home  
And the cries from the strangers out at night  
They don't keep us up at night  
We have the curtains drawn and closed

We all are living in a dream,  
But life ain't what it seems  
Oh everything's a mess  
And all these sorrows I have seen  
They lead me to believe  
That everything's a mess

But I wanna dream  
I wanna dream  
Leave me to dream

I know all your reasons  
To keep me from seeing  
Everything is actually a mess  
But now I am leaving  
All of us were only dreaming

**F** Everything is actually a mess **G**

**Am** We all are living in a dream, **C**

But life ain't what it seems **F**

Oh everything's a mess **Am**

**Am** And all these sorrows I have seen **C**

They lead me to believe **F**

That everything's a mess **Am**

But I wanna dream **Am**

I wanna dream **C**

Leave me to dream **F** **G**

I wanna dream **Am**

I wanna dream **C**

Leave me to dream **F** **G**
